MAY IS MENTAL HEALTH AWARENESS MONTH

May is National Mental Health Awareness Month, a time when mental health organizations across the nation, band together to promote awareness of the importance of maintaining good mental health. This year's theme is focused on helping helping the 1 in 4 American adults in our lives who are living with a diagnosable, treatable mental health condition.

As a part of Mental Health Awareness Month, Children's Mental Health Awareness Day is celebrated on May 3rd. Children's Mental Health Awareness Day promotes positive youth development, resiliency, and recovery, along with the transformation of mental health service delivery for youth, adolescents, and their families. This year's theme is: Building resilience for young children dealing with trauma.

[Mental health](#) remains a top public concern, often misunderstood and difficult to diagnose. However, since 1949 May has been officially recognized as Mental Health Month. That's more than 60 years of helping people better understand mental illness, how to take care of their own mental health and act as caregivers for others, and busting mental health stigma.

The focus for this year's awareness campaign is the mental health of young people and an essential component of maintaining and protecting mental health and wellness: social connectedness.

Mental disorders are common in the United States and internationally. An estimated 22.1% of Americans ages 18 and older, about 1 in 5 adults, suffer from a diagnosable mental disorder in a given year.¹ Mental disorders can also affect children. According to the National Mental Health Association (NMHA), mental health problems affect one in five young people as well.

Recognizing the signs of mental illness is important. Feelings of sadness, [anxiety](#), worry, or sleep problems are not uncommon.

MAAJO WAA BISHA KA WARQABKA CAAFIMAADKA

Maajo waa bisha dalka ee ka warhaynta caafimaadka dhimirka, xilli ay ururrada caafimaadka dhimirka ee dalku isku duubmaan si ay u sare mariyaan kawarqabka iyo ahmiyadda joogteynta wanaagga caafimaadka dhimirka. Sannadkan halhaysku wuxuu ku saabsan yahay caawinta 1 ka mid ah 4 dadka waaweyn ee Maraykanka oo qaba xaalad la aqoon karo, la daweyn karo oo caafimaadka dhimirka ah.

Waxa qayb ka ah bisha ka warhaynta caafimaadka dhimirka, Maalinta Kawarhaynta Caafimaadka Dhimirka ee Carruurta oo loo dabbaal dego Maajo 3. Maalinta Kawarhaynta Caafimaadka Dhimirka ee Carruurta waxay sare u qaaddaa korriinka wanaagsan ee da'yarta, adkeysiga, iyo kabashada iyo weliba dibu habaynta habka adeegga ee caafimaadka dhimirka dhallinyarada, carruurta iyo qoysaskooda. Sannadkan halhaysku waa: Dhisidda adkaysiga dhallinyarada qaba jugta.

Caafimaadka dhimirku waa arrin welwel badan ku haysa dadweynaha, oo badanaaba si khaldan loo fahmo oo in la garto ay adagtahay. Laakiin, illaa 1949kii, Maajo waxa loo aqoonsaday Bisha Caafimaadka Dhimirka. Taasi waa in ka badan 60 sano oo lagu caawinayey dadku inay si wacan u fahmaan caafimaadka dhimirka, sidii ay isu daryeeli lahaayeen naftooda iyo dadka kale ee caafimaadka dhimirka qababa. Ololaha ka warhaynta waxay diiraddu sannadkan u saaran tahay caafimaadka dhimirka ee dadka yaryar iyo arrin qayb asaasi ah ka ah caafimaad dhimir oo san: ku xirnaanta bulshada.

Cudurrada maskaxdu way ku badan yihiin Maraykanka iyo caalamka intiisa kale. Waxa lagu qiyaasaa 22.1% oo dadka Maraykanka ee da'doodu 18 ka weyntahay, qiyaastii 5tii qofba 1 qof oo weyn, ayaa qaba xanuun maskaxeed la yaqaan sannadkiiba. Cudurrada maskaxdu waxay kaloo ku dhici karaan dhallaanka. Sida uu sheegay ururka National Mental Health Association, dhibaatooyinka maskaxdu waxay iyagana ku dhacaan shantii carruur ahba mid. Eeg bogga 3.

However, when these feelings get very intense, last for long periods of time, or begin to interfere with school, friendships and other relationships, it may be a sign of a mental illness. [Depression](#), attention-deficit/hyperactivity disorder, and anxiety, conduct, and eating disorders are all types of diagnosable mental disorders found in children. Although mental disorders in children are appearing more often, great advances have been made in the areas of diagnosis and treatment of mental disorders.

This year there are two major conversational campaigns according to Mental Health America's website. First, "Do More for 1 in 4" is a call to action to help the 1 in 4 American adults who live with a diagnosable, treatable mental health condition and the fact that they can go on to live full and productive lives.

The second theme, "Live Well! It's Essential for Your Potential," focuses on the importance of mental wellness and the steps everyone can take to improve their well-being and resiliency in the face of difficult times and challenges. Mental Health America's Live Your Life Well program offers ten science-based tools to manage [stress](#) and help you relax, grow and flourish.

In addition, what are the key signs of depression? Here are the top items and if you experience five or more of these symptoms for two weeks or longer, you may have depression. See a doctor or mental health professional for help right away. It's also important to connect to the people in your life who care about you and can give you support.

- Persistent sad, anxious or "empty" mood
- Difficulty falling asleep, staying asleep or sleeping more than usual
- Reduced appetite and weight loss, or increased appetite and weight gain
- Loss of pleasure and interest in once-enjoyable activities
- Restlessness, irritability

Garashada astaamaha xanuunka dhimirku waa muhiim. Dareen murugo, naxdin, welwel, ama dhibaatooyin hurdada ah ma yara. Laakiin, markii dareenkani uu gaaro xaalad sare, raago muddo dheer, ama bilaabo hallaynta dugsiga, asxaabta, ama xiriirka kale, waa astaan xanuun dhimirka ah. Qulubka, ADHD-ga, iyo kurbada, cudurrada anshaxa iyo cuntada dhammaantood waa cudurro la dabiibi karo oo laga helo carruurta. In kastoo cudurrada maskaxda ee carruurta ay soo muuqdaan in badan, horumar badan ayaa laga sameeyey dhinacyada garashada iyo daweynta cudurrada dhimirka.

Sannadkan halhaysku wuxuu ku saabsan yahay caawinta 1 ka mid ah 4 dadka waaweyn ee Maraykanka oo qaba xaalad la aqoon karo, la daweyn karo oo caafimaadka dhimirka ah ee la daweyn karo iyo xaqiiqda ah in ay si buuxda oo waxtar leh u noolaan karaan.

Halhayska labaad, "Wanaag u Noolow! Waa Asaaska Aayahaaga," wuxuu ku wajahanyahay ahmiyadda caafimaadka maskaxda iyo tillaabooyinka qof walba qaadi karo si loo wanaajiyo ladnaanta iyo adkaysiga tiyoo ay jiraan dhibaatooyin iyo xujooyin.

Intaa waxa dheer, waa maxay astaamaha muhimka ah ee qulubku? Waa kuwan kuwa u sarreeya oo haddii aad isku aragto shan astaamood ama ka badan labo toddobaad ama ka badan, laga yaabo inuu ku hayo qulub. Raaso dhakhtar ama khabiir dhanka caafimaadka dhimirka ah si lagu caawiyo durba. Waa muhiim in aad ku xirnaato dad kugu taxalluqa oo ku daneynaya kuna taageeri kara.

- Dareen murugo, naxdin, and marnaan ah oo joogto ah.
- Hurdo adkaata, yaraata, and ka badata intii caadiga ahayd.
- Cuntada oo yaraata iyo caatow ama cuntada oo badata iyo cayil.
- Ka xiiso dhigid arrimihii aad ku raaxaysan jirtay.
- Sal fudeyd, xanaaq dhow.

Bisha Dhimirka

Ka Bogga 3.

- Difficulty concentrating at work or at school or difficulty remembering things or making decisions
- Fatigue or loss of energy
- Feeling guilty, hopeless or worthless.
- Thoughts of suicide or death

Mental health is how we think, feel and act as we cope with life. It also helps determine how we handle stress, relate to others and make choices. Like physical health, mental health is important at every stage of life, from childhood and adolescence through adulthood.

- In ay adkaato isku shuqlidda shaqada ama dugsiga ama xusuusta oo xumaata ama go;aan qaadasho xumo.
- Daal iyo tabar darro.
- Dareen dembiilenimo, rajo la;aan, ama qiimo la'aan.
- Ka fekerka is dil ama geeri.

Caafimaadka dhimirku waa sida aan u fekerno, dareenno, oo u dhaqanno si aan nolosha ula jaan qaadno. Wuxuu kaloo tilmaamaa sida aan uga baxno qulubka, ula xaalno dadka kale, oo wax u kala doorano. Sida caafimaadka jirka, caafimaadka dhimirku waa u muhiim marxalad walba oo nolosha ah min carruurnimo iyo kuraynimo illaa qaangaar.

Funding Opportunity

Anti-Violence Programs for Youth Funded

A Brighter Future for Children and Youth, an initiative of the United Methodist Church, supports nonprofit organizations nationwide that address the needs of children and young people age 5 to 18 in the areas of violence prevention, anti-abuse, and relationship abuse. Grants of up to \$4,000 are provided to small-scale, community, and church-based programs. Priority is given to programs that have significant involvement of women and youth at the grassroots level.

Overview

The Women's Division offers grants of up to \$4,000 for projects and programs addressing the needs of children and young people between the ages of 5 to 18 in the areas of violence prevention, anti-abuse and relationship abuse.

Priority Criteria

Preference will be given to projects that:

- Have significant involvement of women and youth at the grass-roots level.
- Demonstrate the ability to raise additional funds from other sources.
- Provide direct and comprehensive services to young people.
- Promote respect for and appreciation of racial and ethnic diversity.
- Cultivate spiritual lives and values.

Guidelines for Submission of Application

- Completed applications should be directed to: Marva D. Usher-Kerr, Executive Secretary for Membership, Women's Division/General Board of Global Ministries, The United Methodist Church, 475 Riverside Drive, Room 1501, New York, NY 10115, USA. (If you are currently related to an additional General Board of Global Ministries office, please make sure to CC them on the application.)
- Applications are due on or before **July 1, 2011**. Applications will be screened by a Women's Division committee, and recipients will be approved by the Women's Division Board of Directors.
- Provide **all** information requested. Do not refer to attached material (e.g., do not answer a question with "see page 45 of our Annual Report"). Please do not use acronyms or abbreviations.
- Type the application. If you absolutely have no typewriter or computer available, then **print** as clearly as possible. Handwritten applications are often difficult to read and may be misinterpreted. Applications must be of a quality to provide legible photocopies.
- Funding proposals in Spanish are accepted.

Notification

- Women's Division directors will approve grants in October 2011. Groups will be notified of acceptance or rejection in early December 2011. Funds will be distributed as soon as possible as the appropriate documents are received from the grantees.

ODDC Seeks New Members | Golaha DD oo Raadinaya Xubno

- ODD Council Seeks Applicants for Membership

Applications due by May 31, 2011.

The Ohio Developmental Disabilities Council (ODDC) is currently seeking applicants for membership terms beginning in October 2011. Council membership must comply with categories listed in the federal DD Act. Openings this year will be for the following categories:

One (1) individual with a developmental disability

One (1) immediate relative or guardian of an adult with a mentally impairing developmental disability who cannot advocate for himself/herself.

All candidates for DD Council membership should have experience serving on committees, boards, or organizations. Such experience concerned with persons with developmental disabilities would be especially relevant. Applicants should have first-hand knowledge about developmental disabilities in Ohio .

It is very important that applicants have time to attend six meetings per year and serve on at least two committees. Each meeting of Council occurs over a two-day period.

Application packets are available from the ODDC office or you may download the application from the forms indicated below. Forms must be completed and returned to the office by May 31, 2011. Applications may be requested:
